Apprenticeship Training Trust

## Become an ATT host

**The Apprenticeship Training Trust (ATT) is an independent non-profit trust giving young Kiwis a step up into a career with long term prospects. With more than 30 years' experience, we provide opportunities for New Zealanders to train and become successful tradespeople.**

Taking on an apprentice can be time-consuming and daunting. ATT reduces your workload in handling many of the related aspects for you.

### **What's in it for my business?**

- Assurance that your apprentice candidate is professionally selected, tested and reference checked
- ATT employs the apprentice and collaborates with you as the host to ensure your workload and business requirements are met
- We take care of HR matters, payroll and leave, as well as organising block courses, allowing you to concentrate on your business
- We are passionate about mentoring and supporting your apprentice
- We offer a three-week handback option 'for any reason', giving you flexibility in your business

**LESS STRESS | LESS RISK | MORE SUPPORT**

# Train an apprentice with ATT.

**We make employing apprentices easy for you and your business!  
ATT partners with electrical, plumbing, gasfitting and drainlaying  
companies to help grow their business through recruiting,  
employing and placing high-quality apprentices.**

Working closely with over 200 host businesses and having thousands of apprentices complete, we know how to find committed and enthusiastic apprentices who will help you grow your business and future proof the trades industry in New Zealand.

"ATT supports us immensely ... our area manager is really good. The thing that ATT does is they take care of all the off job stuff. We're good at being and training electricians but having ATT deal with all the other stuff around having an apprentice is great for us."

***Andrew Bryson,  
Kinetic Electrical East Tamaki***

"We take on apprentices through ATT because we have a long-standing history with ATT - I did my apprenticeship through ATT and we now take on apprentices through them. I love the support that we get from ATT for our amazing apprentices."

***Beth Healy,  
Pipewise Plumbing & Gasfitting***

"We've been with ATT since the start and one of the things that ATT brings to the apprentices is the help through the block courses, keeping them on task ... having someone with the pastoral care just to help the apprentices. We have a great relationship with ATT, and long may it continue into the future."

***Joe Calkin,  
F.B. Hall & Co. Ltd***
